

W701 (Pencil model)

EXPLANATION

Small Size!!

Use as tweezers or for Cleaning in corners!!

Compact and fits in your hand.

Wonder-Gun W701 can be used with low-pressure compressed air ($0.15 \sim 0.5 \text{ MPa}$ ($1.5 \sim 5.0 \text{ kg/cm}^2$)), thus safe and doesn't need much compressed air.

Suction pipe can be easily replaced for other uses.

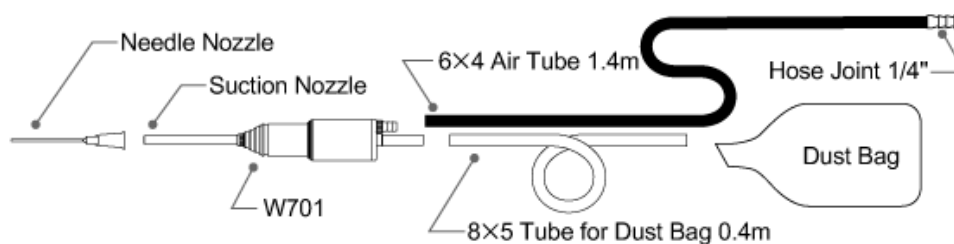

There are no worries that materials will get clogged inside of Wonder-Gun due to a smooth walled interior constructure.

Length: 140mm, Minimum ID: 2.8mm, Weight: 60g
